

## Safe Space - EMF Solutions -

Safe Space products are uniquely designed to clear and protect your living and work spaces from Electro-magnetic radiations (EMF). Now it is possible to create stress-free areas by letting the SAFE SPACE products address noxious health-draining EMF, as well as other unbalanced energies in your environment.

The Safe Space products can be used to:

- Neutralize unbalanced electromagnetic fields
- Create tangible change in the atmosphere
- Clear negative thought form emanations
- Reduce stress and fatigue while working or travelling
- Help induce more restful sleep

Studies demonstrate that these tools actually turn hazardous EMFs into beneficial energy for the body, and transform them into harmless fields that penetrate our bio-energetic field without being absorbed. Each device comes with a set of instructions and background information.

The SafeSpace II is one of our most versatile products.</p> <p>It can be made into a pendant or used as a keyring.</p>	<p>\$65</p>
	<p><b><u>Smart Patch pack</u></b>, (includes 2 chips)          Protects against all major types of wireless radiation. For protective devices to be most effective, they must address all frequencies emitted by cell phones: microwave MW, radio frequencies RF and extremely low frequencies ELF. The Smart Patch successfully neutralizes all three destructive forms.</p> <p>Ideal for Mobile phones, Wi Fi routers, iPads, Cordless phones, Computers and Laptops.</p>	<p>\$45</p>
	<p><b><u>GeoResonators</u></b>          Clear yards, parks, farms and neighbourhoods from dangerous EMF's.</p> <p>When planted in a matrix around a house, parks, gardens, offices and neighbourhoods, they immediately resonate with each other, infusing the treated area with a healing, life supporting energy field.</p> <p>They come in a pack of 4, with protective pouches.</p>	<p>\$120</p>

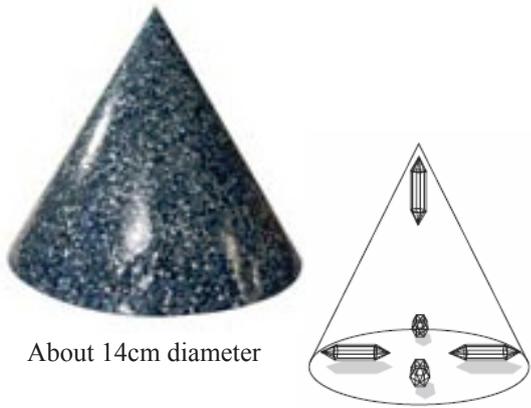

# Orgonite - Balancing Solutions -

The name Orgone, was given by Wilhelm Reich to an all pervasive energy, which he discovered (or re-discovered) in the 1930's. He spent his life studying the behaviour of this energy, its effect on humans, nature and the cosmos. He found that Orgone appears in 2 varieties, beneficial and deadly. He called them respectively OR and DOR.

Orgonite is a mixture of organic and inorganic materials which generate Orgone. If you insert specific crystals in the Orgonite, the crystals will concentrate and clear the energy, transmuting any deadly DOR present into beneficial OR, and automatically producing a constant "good energy" field around them.

The Orgonite is complimentary to the Safe Space technology as it provides cleaner life energy, better mental clarity, and a more peaceful & balanced environment.

 <p>About 6.5cm diameter</p>	<p><b><u>Tower Busters</u></b> (TB)</p> <p>They come in a pack of 10, in pretty colours. They can be located around the home, or outside. Pot plants love them.</p> <p>A TB is a block of Orgonite with a single point quartz crystal in it and optionally some amethyst, hematite or garnet as available.</p> <p>The TB helps neutralise the harmful effect of DOR generated by mobile phone towers and disturbed earth vortexes.</p>	<p>\$60</p>
 <p>About 14cm diameter</p>	<p><b><u>Holy Hand Grenade</u></b> (HHG)</p> <p>Contains 5 crystals. The OR they generate will affect the behaviour of people, animals and plants around them. Watch your neighbours become more friendly, your dog and pot plants will love it too.</p> <p>The balanced energies will help protect you from exposure to detrimental energies and provide a health promoting balanced environment.</p> <p>Generally placed in the middle of the home. Improved with the sprinkling of several TBs around the perimeter of the home.</p>	<p>\$70</p>
	<p><b><u>Super HHG</u></b></p> <p>Contains a HHG as above, with added gold leaf and a special 'Lohan' coil at the bottom, to increase the effect, moulded inside a block of clear resin.</p> <p>More powerful and effective than a standard HHG, doubles up as a very beautiful artwork.</p> <p>Comes in a variety of colours (dark blue, light blue, green and red).</p>	<p>\$325</p>
